## At The Handle

Ramblings from your Editor

If you would like to contribute material, please submit to the address on the cover or contact me at (715) 697-8458 I may be reached via e-mail at [clmodman@wctc.net](mailto:clmodman@wctc.net)

Greetings Circle Cats. The newsletter is here again prepared for you by your absentee editor. Sorry I missed the Antique Power show, the boss and I both got stuck at work. I'm am also not able to attend the September meeting. I tried to get vacation for the meeting also, no dice. There's already a more senior maintenance tech on vaca so it's not happening. I'm not sure about the VP. She works an awful lot of hours seeing as how she is now the only one in her company who knows how to program a welding robot. Speaking of the steam show: Did anyone take pictures or otherwise want to write up a little blurb about this event? I would if I could have gone. It wouldn't hurt if someone else could do this task.

Because of my absence, all I have for you are a couple pics from the August 4th Fun Fly/ meeting. All I can really say is that everyone in attendance had a wonderful time. Flying off of pavement was a treat. No nose overs on take off rolls, smooth landings without the grass field summersault. On the down side, if you piled one in it went like .005" into the blacktop instead of burying itself in the turf. Besides the flying, the lunch was great and so was the comradery. More flights were put up than I recall seeing at a meeting flying session before- period. There was always a flight going up and several times we had two circles going at once. Say what you want about the distance etc. this was a super fun outing at a super flying site.

If any of you guys are particularly burning to be the Circle Master's newsletter editor, now would be a good time to step up and take a shot at it. I'm ok with being editor, but after sixteen years it may be someone else's turn. Maybe you think the *Circulator* is a total piece of crap? Me too! Now is your time to stage a coup and take over. I wouldn't let me have the bully pulpit around here forever. The truth is, I have a lot going on like some of you others do also. I'm studying an online course to obtain my FAA Inspector's Authorization which ain't no picnic. Both of us have crazy work schedules with a whole bunch of mandatory weekends. At my place, weekends and holidays are like any other day and you get them off only when your day off happens to land on them. The VP is on overtime on weekends but they are still mandatory with little warning. Give it some thought. I'm all in for the rest of the year but after that I'm not making any promises.

Erik, ( remember that guy? ) just obtained his tailwheel endorsement for his pilot's license. He went to a bush pilot school in Idaho to get it. Sounds like it was quite an adventure.

The Boss just rolled in. She is not able to attend the meeting either. I am planning to be at the October meeting. As of now I should be off of work, but we have to rebid for our positions with the airline between now and then so I can't promise anything.

See you later,

Big How

## **MEETING MINUTES for August 2019**

*The August meeting of the Circle Masters Flying Club was held at the Mukwonago High School West Parking lot on Sunday August 4th. The meeting began at 12:25 PM when Pres. Chris hammered the meeting to start. He asked if the members (11) had received the Circulator and had read the minutes inside. The members present acknowledged that they all received the newsletter and read the minutes; no errors were detected so the minutes stood as published.*

*The Treasurers Report was presented by Wayne and it was moved and seconded to approve this report.*

**REPORTS & ANNOUNCEMENTS:** *Wayne presented a report on the new signs for the club's field.*

**OLD BUSINESS:** *The By-Laws have been cleaned up by Chris and Wayne and Wayne will work on re-typing and will have them ready at some point in the future. The EAA Kid Venture was a well-attended event. The Antique Tractor and Steam Engine Show format has been modified from previous years. Jason reported that due to the car show there might be parking restrictions for us. He did not know exactly what but will inform us all via email. Also, it was decided that a structured flying event will be the order of the weekend. Wayne volunteered to be the Air Boss and will direct all activities.*

**NEW BUSINESS:** *There was no new business for this month. How come the club does not text?*

**WEB SITE BUSINESS:** *None*

**OTHER BUSINESS:** *None.*

*There being no further business and many wanting to return to the flight line, Chris as for a motion to adjourn and this was quickly moved and seconded. Meeting adjourned at 1:01 PM. Thank you Pete/Jason & Mike.*

*Submitted by Wayne M. Schmidt Secretary/Treasurer*

*08/20/19*

# *Upcoming Events* GO TO THE MEETING AND FLY!

---
